

# TOWER CONTACT CONSENT FORM

Thank you for agreeing to be the tower contact for your tower. This means that your contact details will be published in the YACR Annual Report so that other ringers from within and outside the Association can contact you to arrange to ring at your tower. These details may also be given individually to others requesting them through Branch or Association officers. Optionally, you may also agree to display your contact details on our website, in which case your name and phone number will be displayed.

The General Data Protection Regulations make it a legal requirement for organisations to obtain your written permission before publishing your contact details. Therefore, so that we can publish your contact details in the Annual Report and/or on our website, we need your written consent (either as a signed paper copy, or as an e-mail sent from your own e-mail address). Please indicate below which details you are happy to include, and what that entry should be.
